

PROVEN TO GO THE EXTRA MILE

AUTOMATIC SLACK ADJUSTER

As a leading supplier of automatic slack adjusters in North America, Cummins-Meritor understands the delicate relationship between automatic slack adjusters and foundation brakes. The Cummins-Meritor automatic slack adjuster, designed for a variety of commercial vehicle applications, has been proven over billions of service miles.

PERFORMANCE ADVANTAGES

- Maximum reliability and robustness
- Only automatic slack adjusters that adjust on chamber stroke
- 25,000 pounds of torque capacity
- Pull pawl design simplifies service

Meritor

**FOR
A WORLD
THAT'S
ALWAYS ON™**

AUTOMATIC SLACK ADJUSTER

Cummins-Meritor's unique design keeps brakes in constant adjustment while eliminating the need for frequent under-the-truck brake adjustments. This reduces brake maintenance costs and vehicle safety inspection citations while also improving brake performance.

FEATURES AND BENEFITS

- Pull pawl design requires fewer moving parts, enhancing durability and reliability
- Stroke sensing design
- Keeps brakes properly adjusted for shorter stopping distances and longer lining life
- Fully sealed to resist internal contamination for longer life
- Grease purge to camshaft resists binding
- Ratchet type adjuster minimizes internal wear which results in robust design and maximizes reliability
- Self-contained design doesn't require special grounding straps, simplifies installations
- Simple to manually adjust with no anti-reverse springs to overcome

SPECIFICATIONS

	Front steer axle	Drive and trailer axle
Slack length	5 in, 5.5 in	5 in, 5.5 in, 6 in, 6.5 in, 7 in
Arm configuration	Straight 0.625-in offset clevis	Straight
Camshaft spline size and number	1.25 in – 24 1.25 in – 10 1.5 in – 10 1.5 in – 28	1.5 in – 10 1.5 in – 28 1.625 in – 37
Clevis thread	0.5 in – 20 for chambers 9, 12 and 16 0.625 in – 18 for 20 and larger chambers	0.625 in – 18 for chambers 20, 24, 30 and 36

UNMATCHED CUSTOMER SUPPORT

Every Cummins-Meritor automatic slack adjuster is backed by unsurpassed service and support, with DriveForce™ – Cummins-Meritor's North American sales and service organization – and the OnTrac™ technical support center available to assist customers before, during and after the sale.
