

**PROTEC™ HIGH MOBILITY
INDEPENDENT SUSPENSIONS**

MERITOR
DEFENSE

PAYLOAD AND PERFORMANCE ADVANTAGES

Payload. Performance. Protection. You demand it. Meritor delivers.

Improved Mobility & Ride Quality

- Higher wheel travel allows for higher speeds in off-road environments
- Greater ground clearance for improved obstacle maneuvers
- Enhanced ride comfort results in reduced driver fatigue

Greater Vehicle Stability & Durability

- Higher roll stiffness improves rollover protection and safety
- Reduced chassis input forces lead to better overall vehicle reliability and lower life cycle costs
- Increased load carrying capacity means additional payload and armor protection

Parts Commonality & Ease of Retrofitability

- Integrates existing FMTV Differential Carriers, Geared Wheelends and Brakes
 - Provides lower cost of acquisition
- Low impact to service parts and training
- Utilizes existing wheel and 395/85R20 tire
 - Adaptable to fit 16.00R20 tire as option
