

PENSKE TRUCK LEASING – MERITOR WABCO SYSTEM SAVER AIR COMPRESSORS

NOW AVAILABLE. Genuine Meritor WABCO new, service exchange or remanufactured System Saver air compressors for Penske Truck Leasing. From original spec equipment to keep your vehicle running at its best, to price-point service exchange and remanufactured units to match the life-cycle stage of your vehicle. Only Meritor can offer genuine Meritor WABCO air system products.

Meritor WABCO System Saver Air Compressors.

- Greater air output
 - System Saver 250–15.2 cfm
 - System Saver 318–18.7 cfm
 - System Saver 636–37.4 cfm
- Higher air delivery efficiency means more air delivery per horsepower absorbed, lower compressor duty cycles and lower fuel consumption
- Superior piston and bore finishing technology reduces oil consumption up to 90%, significantly reduces system contamination and extends air system component life
- Exclusive sliding-leaf unloading mechanism lowers unloaded inlet temperatures, reduces carbonization and contamination, and various models are turbocharging compatible
- Governor or Discharge Line Unloader controlled for air system control flexibility
- Aluminum cylinder head construction improves cooling, reduces weight and decreases carbon formation
- Up to 30% smaller size makes installation easier in limited spaces and delivers higher volumetric efficiency
- Various models include an integral pressure relief valve (no external valve required) to minimize excessive pressure buildup and potential compressor damage, and eliminate freeze-up failures
- Lower discharge temperatures reduce carbonization and system contamination, and allow for higher air pressure system capability

Meritor WABCO System Saver Service Exchange Air Compressors.

Service exchange units are new air compressors that include a core charge. While the fit, form and function remain the same with a service exchange unit, they are lower in cost making them an ideal price-point option.

Meritor WABCO System Saver Remanufactured Air Compressors.

- Remanufactured using genuine Meritor WABCO cores and production components
- Remanufactured by WABCO to their exacting standards
- Same 1-year warranty as new product offering
