

MERITOR® AFTERMARKET AIR VALVES

TRUST A LEADING AFTERMARKET SUPPLIER

Fleets and truck operators need a partner they can rely on to provide the right product to keep vehicles on the road.

Meritor has been a master distributor of Sealco® air valves for more than 20 years. Sealco air valves combine OE quality with outstanding value and all Sealco products are made right here in the U.S.A.

Get the outstanding service and high-quality product you deserve by adding Sealco air valves to your next Meritor order.

FEATURES AND BENEFITS

- All Sealco products carry a 2 year warranty and are designed, engineered, manufactured and assembled in the U.S.
- Sealco valves are produced to the highest standards using primarily a zinc alloy that reduces porosity and results in stronger threaded ports
- 100 percent pneumatic and submersion testing is conducted on all air valves to ensure zero leakage
- In-house die cast and machine shop facilities allow for complete control of the product at every stage of the manufacturing process
- Save time and money with Sealco plug units that allow fleet customers to replace only a portion of a valve assembly instead of the entire unit

FIND YOUR REPLACEMENT

Sealco offers the largest selection of premium air valves fitting trailer, truck and transit applications. Choose from one of the most popular air valves below or from hundreds of part numbers offered by Meritor.
