# MERITOR ALL-MAKES HYDRAULIC CALIPERS

The Meritor All-Makes Hydraulic Caliper portfolio is designed to offer competitive products at attractive prices. Both new and remanufactured calipers are offered with dual-testing to meet OEM standards. The comprehensive collection allows you to **SAVE TIME AND MONEY** when purchases from various suppliers are consolidated.

## REMANUFACTURED CALIPERS

The complete remanufactured line-up includes calipers and boosters for Vehicle Classes 2 through 7.

All remanufactured calipers receive an initial inspection to check for:

- Excessive rail slide wear
- Pin slide hanger cracks
- Broken bleeder screws
- Rotor wear into bridge area

Next, all remanufactured calipers go through a rigorous inspection, tear down, cleaning and final inspection. These processes include, but are not limited to:

- Removal of all hardware, pads and cradles
- Removal and sort of pistons
- Break down to simplest basic components for cleaning and replacement
- All castings cleaned
- Final inspections before building
- Verification of fit and conformity

Finally, all remanufactured calipers receive:

- New mounting hardware
- New seals
- New boots
- Pistons
- Bleeder screws
- Bleeder and fitting inserts where required

## FEATURES AND BENEFITS

### New and Remanufactured Calipers

- Manufactured with repeatable, constant, and controllable processes
- Coated with rust inhibitor to prolong life
- 100% testing after final assembly
  - Each caliper is checked twice for air decay using programmable logic controllers
- Calipers offered as semi-loaded with replacement hardware, and fully-loaded with hardware and disc pads
- Blister packaged to keep loose parts contained and protect contents
- Mounting hardware included
- Highly-recognizable Meritor packaging assures the customer they're getting quality Meritor products
