

MERITOR® AFTERMARKET GEARSETS

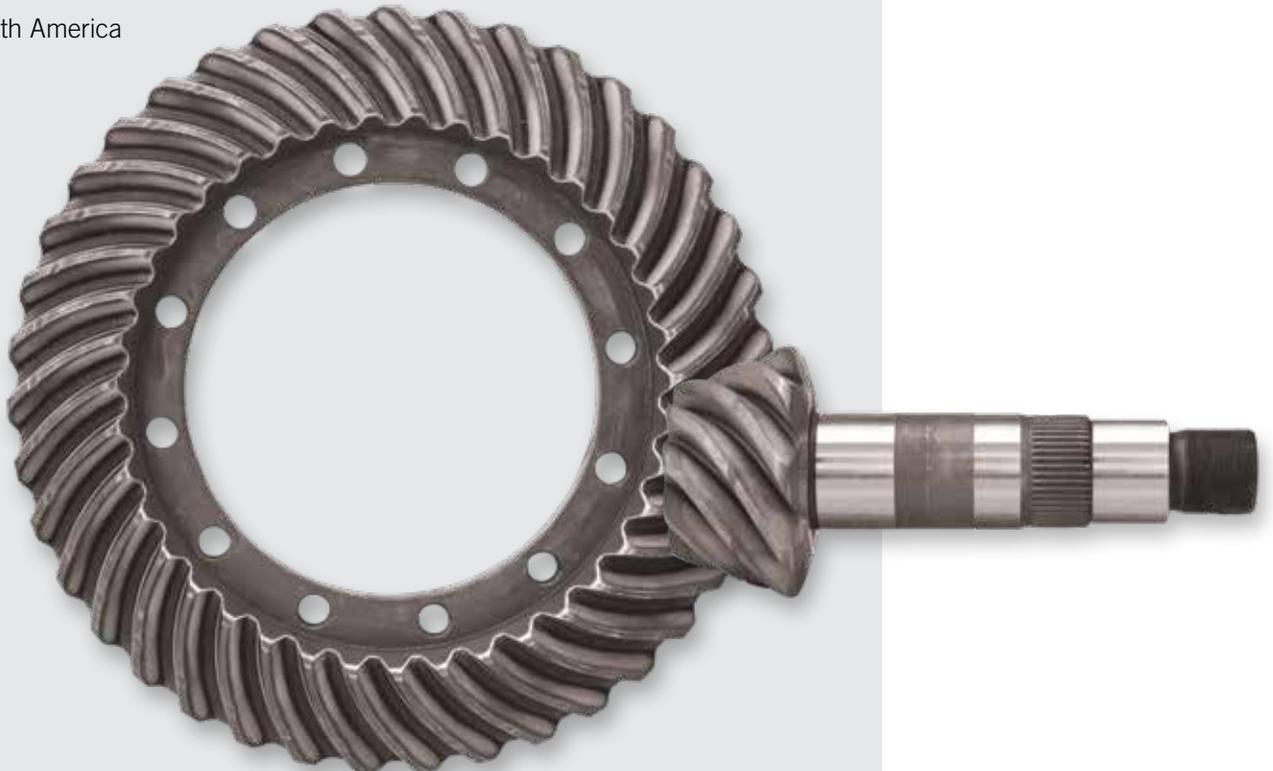

Superior Design. Affordable Solution.

With over 100 years of innovation in axle design, development and manufacturing, Meritor brings unparalleled expertise to gearing solutions. As an axle technology leader, we have developed the ideal aftermarket gearing replacement with our Meritor gearsets. Designed and engineered by Meritor, these gearsets fit all OEM specifications making them an excellent choice for any competitive replacement. You can spec with confidence knowing Meritor gearsets are manufactured in North America for quality and dependability.

Meritor gearsets are the combination of our OE and aftermarket expertise, bringing you a production-quality solution at aftermarket prices. Even better, they are backed by an industry-leading 2-year warranty. For original equipment performance with aftermarket affordability, rely on Meritor aftermarket gearsets.

Features and Benefits.

- Designed and engineered by Meritor
- Backed by industry-leading 2-year warranty
- Balance of Meritor quality and competitive price
- Made in North America

Axle Series	Part Number	Ratio (Forward/Rear)

Meritor gearsets were developed in our labs by some of the best axle gear designers in the industry. Extensive axle dynamometer validation tests support the design process and help ensure better gear mesh, smoother operation and increased durability. In combination with our optimized manufacturing process, Meritor gearsets deliver a high quality, affordable solution.
