LUBRICATION INTERVALS

*Recommended lubrication intervals per manufacturer service requirements.

BEST LINE. BOTTOM LINE.

 **MERITOR**

SUPERIOR COMPONENTS

ADVANTAGE: MERITOR® XTENDED LUBE MXL™ U-JOINT

Nylon thrust washers eliminate metal-to-metal contact, reducing wear and extending life

Precision-ground, large-diameter trunnions provide superior strength

Retained-needle bearings provide quick and trouble-free installation

Advanced nitrile, triple-lip sealing system keeps lubrication in and contaminants out, for longer life

Corrosion-resistant seal guard protects and secures advanced slip seal

The Meritor® Xtended Lube MXL U-joint is recognized for being industry standard along with the Dana Spicer 10 Series® U-joint, but when you examine both U-joints feature for feature, the MXL offers a triple lip seal and a nylon thrust washer reducing the risk for contamination designed to extend the life of the U-joint.

OE MARKET LEADERSHIP

ADVANTAGE: MERITOR®

50 ↑ **PERCENT** **OE MARKET SHARE**

Meritor® is the driveline OE market share leader with more than 50% of the Class 8 production share, and growing

Meritor® MXL™ and Permalube™ RPL drivelines and components are outstanding, and are the reasons why Meritor drivelines continue to grow market share among truck OEMs

4 OUT OF 5 MAJOR TRUCK OEMS
USE MERITOR AS THEIR STANDARD DRIVELINE.
