

# MERITOR® EG FF VALUE 20K FRICTION MATERIAL

**MERITOR**

## IDEAS DRIVING RESULTS

PROVEN STOPPING POWER.  
OUTSTANDING OVERALL VALUE.

EG is a proven friction material for linehaul operations, providing both brake power and good resistance to fade. It delivers proven stopping power at an exceptionally good price.

## Features And Benefits

- Delivers a level of durability and friction stability not usually found in this price category
- EG is a medium-friction asbestos-free brake lining having a glass and polymer matrix base reinforced by a custom fiber blend
- Meets FMVSS 121 brake standards

## Typical Inertia Dynamometer Plot Test Parameters FMVSS 121 Brake Standard\*

\* Test results are for reference only and are based on the results of a single test. Test results may vary from batch to batch, without jeopardizing the product's performance.

## Product Profile

Freight Weight: Low, Medium

Terrain: Flat, Moderate

Applications		
Tandem Axle Tractor/Trailer 	Flat Bed Trailer 	Container Chassis
